Trust Application Terms and conditions

Please note to avoid confusion,

- a) financial assistance from the Trust is discretionary and not an entitlement; and
- b) a venture cannot be funded outside these objects.

A recipient, having received the Trust's approval agrees to use the funds responsibly and to not act in any way that may bring the Trust into disrepute.

A report on the outcome of the training or education for which funds have been granted must be completed and submitted to the Trust within 12 months of the grant being approved.

Payments can be made to individuals or to not for profit organisations or bodies subject to any reasonable and proper conditions as the Trustees may direct.

Payments will be conditional on the project taking place or on the recipient completing any required preliminary steps set by third parties. The Trustees can however at their discretion defer the timing of the payments if need be or approve an alternative.

Financial support will generally be by way of a one-off payment. Should longer term projects lend themselves to a progress payment arrangement, recipients will need to acknowledge in particular that:

- i. the Trust's relationship with the recipient:
 - 1. is not intended by the Trust to be that of employer/employee, and
 - 2. nor does the recipient intend it to be such.
- ii. The payments from the trust are stated as gross amounts, exclusive of GST or other tax (if any).
- iii. The recipients are responsible for their own taxes (if any).

Recipients will be required to provide evidence of the funds being used appropriately.

Decisions as to what costs the Trust will cover are at the discretion of the Trust.

Grants may be supplemented by funding from other sources but before approval can be given all financial support must be disclosed.

All over expenditure is the responsibility of the applicant.

The Trust acknowledges it is collecting personal information about the applicant for the purpose of considering their application and the information will only be used for the purposes intended to comply with the Privacy Act. By applying for support from the Trust successful applicants authorise the Trust and third parties (e.g. NZRDA) to use information and knowledge gained from the support eg. Information relating to the results of any research performed, and any photos etc. of recipients in promotional material.

It is agreed by the recipients that any breach of these clauses, or anticipated inevitable breach, may result in all monies received, required to be refunded to the Trust within one month of notification by the Trust. In addition any other costs incurred by the Trust in relation to the grant/support must also be paid to the Trust including money spent recovering inappropriately used funds.

Recipients will be required to acknowledge the terms of the grant/support in writing.

The decisions of the Trust are final. The Trust will not enter into correspondence about the outcomes of a funding decision.
