## Product Disclosure Statement

Issued by Fisher Funds Management Limited  
18 August 2020

**This is a replacement PDS which replaces the PDS dated 13 September 2019**

This document gives you important information about this investment to help you decide whether you want to invest. There is other useful information about this offer on [companiesoffice.govt.nz/disclose](https://companiesoffice.govt.nz/disclose). Fisher Funds Management Limited has prepared this document in accordance with the Financial Markets Conduct Act 2013. You can also seek advice from a financial adviser to help you to make an investment decision.

# 1 | KEY INFORMATION SUMMARY

## What is this?

Fisher Funds LifeSaver Plan (LifeSaver) is a managed investment scheme. Your money will be pooled with other investors' money and invested in various investments. Fisher Funds Management Limited ('Fisher Funds', 'we' or 'us') will invest your money and charge you a fee for its services. The returns you receive are dependent on the investment decisions of Fisher Funds and the performance of the investments.

The value of those investments may go up or down. The types of investments and the fees you will be charged are described in this document.

## What will your money be invested in?

LifeSaver offers you a choice of seven funds to invest in. These investment options are summarised below. More information about the investment target and strategy for each investment option is provided in Section 3.

Other charges: In addition to the annual fund charges, you may also be charged from your LifeSaver account: an administration fee; a supervisor fee; and/or expenses for services such as legal and audit services. Refer to your employer supplement (What are the fees?) for more information on these fees.

See Section 4 for an explanation of the risk indicator and for information about other risks that are not included in the risk indicator. To help you clarify your own attitude to risk, you can seek financial advice or work out your risk profile at [fisherfunds.co.nz/lifesaver](http://fisherfunds.co.nz/lifesaver).

### Who manages LifeSaver?

Fisher Funds Management Limited is the manager of LifeSaver. See Section 7 for more information about us.

### How can you get your money out?

LifeSaver is a long term investment plan designed to help you save for your retirement. You'll be able to withdraw your investment or have benefits paid when you retire or resign. There are also some special circumstances when you can access your investment. See Section 2 for further information.

### How will your investment be taxed?

LifeSaver is a Portfolio Investment Entity (PIE). The amount of tax you pay in respect of a PIE is based on your prescribed investor rate (PIR). This can be

10.5%, 17.5% or 28%. See Section 6 of the PDS ('what taxes will you pay?') on page 10 for more information.

### Where can you find more key information?

LifeSaver is made available to you through your employer. You must read the accompanying employer supplement which summarises the rules of your Employer Scheme.

Fisher Funds is required to publish quarterly updates for each fund. The updates show the returns, and the total fees actually charged to investors, during the previous year. The latest fund updates are available at [fisherfunds.co.nz/resources](https://fisherfunds.co.nz/resources). The manager will also give you copies of those documents on request.

## 2 | HOW DOES THIS INVESTMENT WORK?

### About LifeSaver

LifeSaver is a workplace savings scheme which you can join if your employer has agreed to participate. LifeSaver is designed to help you save for the retirement lifestyle you would like to enjoy in the future and offers a range of funds to invest in.

When you join, you become a member of LifeSaver, and money you invest is used to buy units in the fund or funds that you've chosen.

- » Each unit you buy will have a price calculated each day based on the value of the fund's assets at the time.
- » Changes in the value of the fund's assets (up or down) are reflected in the unit price.

LifeSaver is a trust governed by a Governing Document between Fisher Funds and Trustees Executors Limited (the Supervisor). Your investments are held by the Supervisor or a custodian appointed by the Supervisor, who is independent from Fisher Funds. Each fund is accounted for separately so assets in one fund can't be used to meet the liabilities of another.

### What are the benefits?

Joining LifeSaver and making regular contributions is a smart choice to achieve your retirement goals because:

- » **LifeSaver makes saving easy:** Your regular contributions are automatically deducted directly from your salary by your employer and paid to your LifeSaver account.
- » **Investing is all we do:** At Fisher Funds we only do investments. We're not distracted by trying to manage other products or services. You'll have the full attention of our professional investment team with over 300 years' combined experience, who'll make the investment decisions on your behalf.
- » **We get to know you:** We've got a team of passionate, down to earth advisers who are with you every step of the way.
- » **Value for money:** We're here to help with financial advice at no extra charge to help you make sure your investment choices are aligned with your financial goals.

You may also be entitled to certain benefits paid from LifeSaver in circumstances set out in the 'Other Material Information' document available at [fisherfunds.co.nz/resources](https://fisherfunds.co.nz/resources) and in your employer supplement.

### Responsible investment

Responsible investing is deeply ingrained into our research process. We won't invest in manufacturers of tobacco, weapons that cause indiscriminate and disproportionate harm, including nuclear armaments, and companies where a significant proportion of their

core business includes the production of thermal coal or where they are significant contributors to thermal coal production. We also ensure the companies we invest in meet basic standards of good corporate conduct. We supplement our own research with insights from leading global researcher MSCI to better understand the severity of any questionable behaviour.

Further information on responsible investing is available in the investment policies for the scheme at [fisherfunds.co.nz](https://fisherfunds.co.nz).

### Joining the scheme

LifeSaver is open to people who:

- » are New Zealand residents; and
- » are over 18 years of age; and
- » meet the eligibility criteria to join their Employer Scheme (outlined in your employer supplement).

To start your LifeSaver journey simply complete the application form (there's one at the back of this document), including the employer declaration, and send it to us.

### Making investments

Making regular contributions to your investment will help you reach your financial goals.

Your regular contributions are deducted directly from your salary by your employer and paid to your LifeSaver account. Your employer may also allow you to make voluntary contributions by regular or lump sum payments.

Your employer supplement specifies the level of contributions your employer has chosen to make, including details of any minimum and maximum contributions.

In addition, you may also be able to transfer your savings into LifeSaver from another workplace savings scheme or equivalent overseas retirement scheme.

### Withdrawing your investments

LifeSaver is a long term investment plan designed to help you save for your retirement. In most cases you will not be able to access your savings until you retire or resign. However, early withdrawals are permitted in limited circumstances. You may also be able to make partial withdrawals subject to any terms and conditions set by your employer (such as limits on how often a partial withdrawal can be made, and how much is required to be withdrawn).

Further details on withdrawals and the circumstances in which you are entitled to a benefit can be found in your employer supplement.

Once we are satisfied you have become entitled to a withdrawal or benefit, we'll do everything to make it as

quick as possible however full withdrawals may take up to 10 working days to process. Withdrawals are processed using the unit price of your fund(s) at the time we accept your withdrawal.

You may also transfer some or all of your savings to another workplace savings scheme, superannuation scheme, KiwiSaver scheme or equivalent overseas retirement scheme, which you join or are a member of on such terms and conditions as we may determine.

## How to switch between funds

LifeSaver offers you the flexibility to switch between the funds that are available to you at any time, with no charge. You can switch funds by completing a switch form available at [fisherfunds.co.nz/resources](https://fisherfunds.co.nz/resources).

## 3 | DESCRIPTION OF YOUR INVESTMENT OPTIONS

LifeSaver provides a range of investment options so you can choose what's right for you. One of the most important decisions you make when joining LifeSaver is how you want to invest your savings. Many people don't know much about investment strategies and risk indicators and that's why we're here to help you. Talk to one of our financial advisers or take our 'Investor Profile Questionnaire' at [fisherfunds.co.nz/lifesaver](https://fisherfunds.co.nz/lifesaver) before you make any decision.

### Build your own investment mix

You can choose to invest in one of our seven funds or a mix of them to suit your retirement goals.

The LifeSaver investment options are detailed below and on the following pages.

To help make the investment jargon included in the descriptions a bit easier to understand, we've used the following terms.

**Income assets** – refers to lower risk investments such as cash and fixed interest securities.

**Growth assets** – refers to higher risk investments such as Australasian and international equities (shares) and property.

The funds can also hold derivatives (contracts that are valued based on the performance of other assets e.g. for currency hedging purposes) and alternative assets (such as investments in commodities), however there is no specific allocation to these investments. The funds can hold assets either directly or indirectly through other funds.

The aim and investment strategy for each fund can be found in the LifeSaver Statement of Investment Policy and Objectives (SIPO). We regularly review and update the SIPO (in consultation with the Supervisor). When changes are made we will communicate these to you in our annual report. The current SIPO for the funds is available at [fisherfunds.co.nz/resources](http://fisherfunds.co.nz/resources).

Further information about the assets in the funds can be found in the fund updates at [fisherfunds.co.nz/resources](http://fisherfunds.co.nz/resources).

## 5 | WHAT ARE THE FEES?

You will be charged fees for investing in LifeSaver. Fees are deducted from your investment, and will reduce your returns. If Fisher Funds invests in other funds, those funds may also charge fees. The fees you pay will be charged in two ways:

- » **regular charges** (for example, annual fund charges). Small differences in these fees can have a big impact on your investment over the long term;
- » **one-off fees** (for example, fees charged for investing or withdrawing from a fund or for other specific actions you take).

The table below shows our charges by fund. The annual fund charges are based on the fees and expenses from the 31 March 2020 audited financial statements. They are a reasonable estimate of the annual fund charges that are likely to be charged in the future.

Fund	Estimated annual fund charges (% of net asset value)	Other charges
Preservation Fund	0.51%	In addition to the annual fund charges, you may also be charged from your LifeSaver account: » an administration fee; » a supervisor fee; and/or » expenses for services such as legal and audit services.  Refer to your employer supplement (What are the fees?) for more information on these fees.
Conservative Fund	0.89%	
New Zealand Fixed Income Fund	0.66%	
Balanced Fund	0.99%	
Growth Fund	1.08%	
Equity Fund	1.13%	
Trans Tasman Equity Fund	0.93%	

### Description of the above fees

#### Annual fund charges

Annual fund charges are made up of:

- » The management fee charged by Fisher Funds for providing investment management services to the funds
- » Expenses incurred by the funds for services such as custody and unit pricing are paid by Fisher Funds from the management fee

Annual fund charges are:

- » Paid from the funds, or the underlying funds they may invest in

#### Other charges

- » Administration fees
- » Fees charged by the Supervisor who oversees the running of the funds
- » Expenses for services such as legal and audit services

Please refer to your employer supplement for details of other charges charged to you in respect of your membership in LifeSaver.

#### Individual action fees

There's currently no establishment, termination, or withdrawal fees charged.

You may be charged other fees by us on an individual basis for investor-specific decisions or actions, though this is rare. You may be charged a fee by your financial adviser. Refer to your employer supplement to see if there are any individual action fees that will apply.

#### Example of how fees apply to an investor

Sarah invests \$10,000 in the Balanced Fund. The starting value of her investment is \$10,000. She is charged management and administration fees, which work out to about \$99 (0.99% of \$10,000). These fees might be more or less if her account balance has increased or decreased over the year. Over the next year, Sarah may pay other charges of \$59.92\*.

## Estimated total fees for the first year

Individual action fees	\$0.00
Annual fund charges	\$99.00
Other charges	\$59.92*
<b>Total</b>	<b>\$158.92</b>

See the latest fund update for an example of the actual returns and fees investors were charged over the past year.

\* The Other charges amount is made up of fixed costs of an estimated \$56.92, plus percentage based costs (for the Supervisor fee and any fee payable to an adviser, including the scheme adviser, if applicable) of an estimated \$3.00. Refer to your employer supplement for the actual fees charged to your LifeSaver account.

This example applies only to the Balanced Fund. If you are considering investing in other funds in the scheme, this example may not be representative of the actual fees you may be charged.

## The fees can be changed

Our fees may change or new fees may be added – we'll let you know if they do. If we do make any changes, we'll notify those changes to the Supervisor. Any changes to fees will be made only if they are within the rules that apply to LifeSaver.

The LifeSaver Governing Document limits the maximum amount of Supervisor and investment management fees, and costs associated with investment management to 1.5% per annum of the gross assets of an Employer Scheme. The limit does not apply to other fees and expenses such as administration fees, brokerage, printing and postage and the cost of insurance.

Fisher Funds must publish a fund update for each fund showing the fees actually charged during the most recent year. Fund updates, including past updates, are available at [fisherfunds.co.nz/resources](https://fisherfunds.co.nz/resources).

## 6 | WHAT TAXES WILL YOU PAY?

LifeSaver is a portfolio investment entity. The amount of tax you pay is based on your prescribed investor rate (PIR). To determine your PIR go to [fisherfunds.co.nz/faqs](https://fisherfunds.co.nz/faqs). If you are unsure of your PIR, we recommend you seek professional advice or contact the Inland Revenue Department. It is your responsibility to tell Fisher Funds your PIR when you invest or if your PIR changes. If you do not tell Fisher Funds, a default rate may be applied. If the advised PIR is lower than the correct PIR, you will

need to complete a personal tax return and pay any tax shortfall, interest and penalties. If the default rate or the advised PIR is higher than the correct PIR, you may be entitled to a refund for any overpaid tax.

See under the heading 'Tax' in the 'Other Material Information' document at [fisherfunds.co.nz/resources](https://fisherfunds.co.nz/resources) for more information on how your investment earnings and contributions are taxed, or give us a call for more information on investment tax.

## Section 2 – Identification options

Fisher Funds is required to verify the identity of new clients and associated parties under the Anti-Money Laundering and Countering Financing of Terrorism Act 2009 ('AML Act'). We offer clients two ways to confirm their identity.

### Option 1 – Electronic identity verification (not available for minors)

Fisher Funds has the ability to electronically verify your identity and address. Once we have received your application we will send you an SMS via our third party partner to biometrically verify your identity. To complete this method of verification you must have: a smartphone (with a front camera that is capable of taking a photo/video) and a current (not expired) version of one of the following:

- » New Zealand Passport
- » New Zealand Drivers Licence
- » Australian Passport
- » Australian Drivers Licence

If this method of identification is unsuccessful you will be required to provide certified ID and proof of address.

### Option 2 – Certified copies of identity documents and proof of residential address

Please provide a certified copy of your identity documents and proof of your residential address. Refer to sections 3 and 4 for information on acceptable identity documents and who can certify them.

**Preferred identification method** – please select one of the following options:

- Option 1 - I would like Fisher Funds to electronically verify my identity
- Option 2 - I would like to provide Fisher Funds with certified copies of my identity documents

## Section 3 – Certified identity documents

If you selected Option 2 as your preferred way for us to verify your identity please select one of the certified identification options below. If you have selected Option 1 you do not need to provide certified ID now.

**We are only able to accept original certified copies of certified ID (i.e. the copy that has been physically certified). These documents must be posted to us, our postal address is on page 13.**

If you are an existing Fisher Funds client we may have your identification documents on file, please contact us to confirm this. We may request new identification documents from you.

#### OPTION A: (preferred)

- Passport (containing name, date of birth, photograph and signature)
- OR
