Dear RMO,

As of _____(date) you are being requested to participate in a run review for the _____run. This run review has been initiated at the request of the RMO's on the run.

This is an important process and may result in a re-categorisation of your run and subsequently affect your salary. It is vitally important that you complete your timesheet correctly (copy of the run review timesheet available on the website).

To ensure you receive your entitlements it is important that you undertake the following:

1. Fill in your timesheet accurately – this means recording the hours that you actually work rather than what you were rostered to work.
2. Fill in your timesheet clearly – any records which are difficult to read, may be read conservatively.
3. Keep a copy of your timesheet and hand the original to the RMO coordinating this process for your run. This must be done **immediately on the completion of the review period**. NZRDA only has a couple of weeks to process these the results (from the end of the review period) and as such we must receive these timesheets promptly.

The person coordinating the run review on your behalf is:

Name: _____

Contact: _____

Once the timesheets have been collected and sent to both the NZRDA and RMO unit both parties will calculate the run category, exchange their figures and advise you of the outcome.

If you have any queries during this process, please contact us on ask@nzrda.org.nz or (09) 526 0280.

Regards,
Delegate Support, NZRDA

NOTICE TO ALL RMO'S PARTICIPATING IN A RUN REVIEW

Run reviews have the potential to change the salary category for both yourself and those who follow the run after you. On this basis, it is extremely important that you;

1. Record your hours accurately ensuring you include ALL the hours that you work and not just the hours you were rostered to work.
2. Write legibly as any difficulty with reading hours may be read conservatively.

If you need any further assistance during this period or have any questions at all, please get in touch with us either by telephone 0800 803 993 or email ask@nzrda.org.nz
